

WELCOME TO THE REAL CONNECT CITY QUEST

Today is about exploring Christchurch, solving clues, meeting new people and creating real connections.

You'll move through the city together, follow hidden trails, solve challenges and discover places you might never have noticed before.

Every stop brings you closer to solving the mystery — and closer to the people around you.

Talk, observe, think together and enjoy the journey.

Ready?

BEFORE YOU START — GET TO KNOW YOUR TEAM

You were selected for this mission because you all see the world differently.

Different countries. Different stories. Different ways of noticing things.

And sometimes, the smallest detail only becomes visible when different perspectives come together.

Complete the short introduction tasks below before continuing:

- Introduce yourself — name + where you're from
- Share one travel experience
- How many countries have you visited?
- Find someone who has travelled solo
- Find someone who moved countries or started over somewhere new

Get to know your team — you might need each other more than you think.

Now that you've met, the story begins.

Once everyone is ready —

Your first document has already been prepared.
